W. J. BRYAN ON M'CALL

Questions His Judgment On
Silver Question.

TO HIS USE OF TRUST FUNDS

"His Understanding of 16 to 1 Seems
to Be That the Directors Get \$16
to \$1 Given to the
Policyholders."

Lincoln, Neb., Sept. 21.—W. J. Bryan when informed of the McCall testimony in the New York Life Insurance investigation, said regarding the company's contributions to defeat free silver: "If President McCall had paid the money out of his own pocket, instead of taking it from widows and orphans, he might have more reason to boast. If his judgment on the silver question is no better than his judgment on the use of trust funds, I would dispute his authority. His opinion of free silver is probably founded upon the opinion of some financier and not upon any actual knowledge of the subject, his understanding of sixteen to one seems to be that the directors get sixteen dollars to one dollar given to the policyholders."

MORE TALK OF FEDERAL CONTROL

Latest Insurance Revelations Revive
Discussion of This Issue.

Washington, Sept. 21.—Federal control of the insurance business may be one of the results of the discussion of tax methods in the management of the large insurance companies of New York. The belief grows here that President Roosevelt will not ignore the situation and that his coming message to Congress will discuss insurance and insurance methods as they relate to the national welfare. It is probable that Congress will be asked to pass such legislation as will enable the executive department of the government to take jurisdiction over interstate insurance business, especially life insurance.

LIFE UNDERWRITERS FAVOR PUBLICITY

In All Operations of Life Insurance Companies
as Best Calculated to
Minimize Evils.

Hartford, Conn., Sept. 21.—The convention of Life Underwriters today adopted a resolution suggesting full and free publicity of all operations of life insurance companies, as best calculated to minimize the future opportunities of evil and to retain the confidence of the public.

PARKER DENIES.

Says "It Is Evident McCall Was Laboring
Under Great Excitement."

New York, Sept. 21.—Judge Alton B. Parker, the Democratic candidate for president in 1904, last night gave this statement concerning President McCall's testimony relative to the soliciting of funds from the New York Life Insurance company by Democrats in 1904:

"My attention has been called to certain testimony said to have been given today by John A. McCall, while a witness before the insurance investigation committee in reply to Mr. Hughes' question whether he thought that in 1904 the interests of the policyholders were so seriously endangered that the company ought to contribute.

"It is evident that Mr. McCall was laboring under great excitement in making his reply for it is very incoherent. But if his answer is intended to convey the impression that in the campaign of 1904 I either directly or indirectly solicited from him or his corporation, or any other corporation, any money or valuable thing, his statement is absolutely false.

"On the contrary, I repeat now what I said before the election, that I expressly notified and directed the chairman of the executive committee of the national committee that no money should be received from corporations."

MR. MCCALL'S STATEMENT.

He Says Judge Parker Accepted Contributions Several Years Ago.

New York, Sept. 21.—John A. McCall, president of the New York Life Insurance company, referring to his testimony before the legislative committee in relation to contributions to the Democratic party's campaign fund, said last night:

"The meaning I intended to convey, when I mentioned Judge Parker, was this: Judge Parker, when a candidate for the presidency last year did not, personally, ask me for campaign funds, but friends of his did so repeatedly.

"Judge Parker, as chairman of the Democratic committee several years ago, did, however, accept proffered contributions to the campaign fund."

THREE FATALLY INJURED.

By Falling Band Stand in Street Fair.
Many Injured.

Belleville, Ill., Sept. 21.—An overwooded band stand at a carnival and street fair, collapsed last night, fatally injuring three persons and two hundred men, women and children sustained painful injuries.

NOTED FORGER RELEASED.

And Rearrested as Soon as He Came Out
of Denmark.

Plattsburg, N. Y., Sept. 21.—Leroy Shear, said to be one of the greatest living forgers, was released from Clinton prison at Dannemora yesterday and was immediately re-arrested and turned over to Police Inspector Alfred N. Douglas, who started with him for Boston, where he is charged with swindling R. H. White & Co.

Shear, who is 67 years old, has had a most remarkable career. In 1863 he deserted from the federal army, was captured, and while a prisoner at Utica, N. Y., poisoned two of his guards in an attempt to escape. For this he was tried by court martial and sentenced to be shot. On the day set for his execution he received a reprieve from President Lincoln and before it expired succeeded in escaping. On the day of his escape he was paroled by the president, but did not know it until years after.

Shear went to Europe, where he remained for several years, finally returning to the United States and settling in Vermont, where he led an exemplary life and secured a position in a bank. On being recommended for a federal appointment at St. Albans, Vt., he went to Washington and asked President Hayes for the pardon, which had years before been granted to him. The president, on learning his history, refused to give him the appointment, and the people of the town in which he lived, upon learning the reason, turned against him, and he lost his position in the bank.

While living in Vermont he was a delegate to the Republican National convention which nominated President Garfield. He has since served two terms for grand larceny and forgery in Sing Sing, and one term each in the Albany penitentiary, Auburn state prison, Moundsville, W. Va., penitentiary, and Clinton prison.

FREIGHT TRAIN WRECKED.

Ran Into a Washout on the D. & H.
Near West Rutland.

Rutland, Sept. 21.—A west bound freight train on the Delaware & Hudson railroad ran into a washout about a mile east of West Rutland at two o'clock yesterday afternoon, six cars being derailed, two of which went down a steep embankment. The engine passed over safely. A wrecking train was summoned from Whitehall and the track was made passable at eight o'clock last night. In the meantime all east bound trains stopped at West Rutland, the passengers being brought to the city by trolley. Passengers bound west were taken to West Rutland by the same conveyance. Express was carried between the two places by team. A special mail train left this city at 9:30 o'clock last night. The unusually heavy rains of yesterday were responsible for the washout, which was 15 feet long and five feet deep.

CORPORAL HAS GONE.

Was On Guard When He Left Uncle
Sam's Service

Fort Ethan Allen, Sept. 21.—Corporal Willis D. Parker, Troop M, of the military post is absent without leave and unless he returns tomorrow morning will be declared a deserter. His actions indicate that he does not intend to return, he having left while on guard duty, which is one of the worst crimes in the service. Many of the men of the garrison, however, are of the opinion that Parker has not gone far and that he is in Burlington or in the woods skirting the reservation.

His wife has also left Burlington and her mother, Mrs. Walker, of 59 Church street in that city, informed a reporter yesterday that her daughter suddenly left the city with her five years' old child and that she had no idea of her whereabouts.

FAST THREE YEAR OLD.

Susie N. Trotted Two Heats at Columbus in 2:10 and 2:09 1/4.

Columbus, Ohio, Sept. 21.—Susie N., equal favorite with Bon Voyage in the Kentucky Stock Farm futurity betting yesterday, broke the three-year-old record for the year by steadily trotting two miles in 2:10 and 2:09 1/4. She came within half a second of the world's record for three-year-old trotters and set a new mark for time in a "2 in 3" race for youngsters.

Glennwood M. handily won the deciding heat of the \$10,000 Hoster-Columbus brewers' stake. Martha Young, favorite in the 2:15 pace, continued from Tuesday, broke a hoppel and was distanced in the first heat.

DIXON KNOCKED OUT.

Tommy Murphy Did the Job in Two Rounds at Philadelphia.

Philadelphia, Sept. 21.—Tommy Murphy of New York knocked out George Dixon, the former featherweight champion, in the second round at the National Athletic club last night.

The contest was spirited while it lasted, although it could be seen that Murphy was master of the situation from the start. The first round was a sparring contest, but in the second Murphy assumed the aggressive and succeeded in flooring Dixon early in the round. Later, after an exchange of blows, Murphy drove a left to the solar plexus and Dixon went down and out. The fight was scheduled to go six rounds.

CIVIL WAR EXISTS.

Russia Will Send Large Field Force to the Caucasus.

St. Petersburg, Sept. 21.—As a consequence of the continuance of the disturbances in the Caucasus and the inability of the soldiers in that district to cope with the situation the government has decided, practically, to consider that civil war exists. Measures are being considered looking to the sending of a large field force of artillery, infantry and cavalry, to invade the district.

A GREAT CONVENTION.

The Coming Gathering of Sunday School
Forces at St. Johnsbury Oct. 17-19.

The 37th annual convention of the Vermont Sunday School Association will be held at St. Johnsbury Oct. 17, 18 and 19. The sessions will open on the evening of the 17th, and the convention will close on the evening of the 19th.

The programme promises many good things. Several leading pastors and Sunday school workers of Vermont will participate, while International Chairman W. N. Hartshorn and Mrs. Mary Foster Bryner, international field worker, are to be among the speakers from abroad.

Mrs. Bryner is one of the most effective Sunday school workers of the world, and has accomplished remarkable results since coming to the international work three years ago. She has visited Mexico twice and organized the Sunday school forces there, so that they are now to have a field secretary under the international association. She is the weekly contributor of Elementary Graded Lesson Helps to the Sunday School Times. As a platform speaker she has great magnetic power. Says the Ohio Sunday School Worker: "You cannot get away from her addresses."

Chairman Hartshorn is leading the forces of the international association with remarkable success. Possessed of large means and a larger heart, he is putting both fully into the work. He is a statesman's grasp of the situation and is inspiring confidence among his associates. Mr. Hartshorn writes: "Unless either sickness or some serious matter which I will not now appear prevents me, I will be present on Wednesday, October 18th and speak in the evening. I will certainly give a good solid day's work to the good of the people of Vermont."

WILL SEND 3,000 INVITATIONS

For Legislative Reunion to be
Held October 4th

AT ARMORY IN MONTPELIER

New Officers Chosen at Meeting in Montpelier Last Evening—Programme
for Celebration Will Be
Completed Now.

Montpelier, Sept. 21.—Owing to the late date and the impossibility of getting a complete list of the ex-representatives and ex-senators, it has been decided to send out circular letter invitations to each of the 247 town clerks in the state with the request that they deliver them to any living ex-officials in their towns. Three thousand letters are being printed today and will be mailed tonight.

C. W. Brownell of Burlington and W. W. Stickney of Ludlow of the executive committee of the Decennial Legislative Reunion association met the committee on speakers for the centennial celebration at the Pavilion last evening in response to the call issued Monday by C. J. Bell. The reunion association officers were reorganized and vacancies caused by death or otherwise were filled. The new officers of the reunion association elected were: President, W. P. Dillingham of Montpelier; vice-presidents, W. H. Fullerton of Manchester, J. L. Martin of Brattleboro, Z. M. Mansur of Newport; treasurer, J. W. Brock of Montpelier; corresponding secretary, F. A. Howland of Montpelier; assistant corresponding secretary, J. N. Harvey of Montpelier; recording secretary, T. C. Cheney of Morrisville; chaplain, the Rev. Guy C. Lamson of Montpelier; sergeant-at-arms, J. W. Brock.

In the absence of Senator Dillingham this committee is subject to the call of the first vice-president. The present plan is to hold the reunion October 4 in Armory hall at 3:30 o'clock in the afternoon, or as soon as possible after the parade. Senator Dillingham is expected to be present and five-minute speeches will be made by a dozen or more ex-senators and representatives. The afternoon after the parade, will be given up to the legislative reunion until time for supper and the fireworks.

This action last evening allows the local committees to go on at once and prepare and send out the official programme for centennial day, for which the railroads and the public have for some time been anxiously waiting.

LABOR MEETING.

Address by P. J. Halvosa of This City,
Organizer of Vermont State Branch.

Burlington, Sept. 21.—A mass meeting in the interests of the labor organization of the city was held last evening in city hall. H. H. Carpenter, president of the Central Labor Union, presided, and seated upon the platform besides the presiding officer, were the speaker of the evening, Philip J. Halvosa of Barre, organizer of Vermont State Branch, American Federation of Labor, Mayor James E. Burke and E. J. Murray.

The first speaker was Mayor Burke, who strongly urged the importance of the labor union. He was followed by Mr. Halvosa, the speaker of the evening, who made a clear, logical and sane address in favor of the trades union. In considering the growth of the trades union, the speaker said that agitation among granite cutters for an eight-hour day commenced in 1877, and that the eight-hour day was not attained until 1900. When the granite cutters went from the nine-hour to the eight-hour day there was no instance of a strike. The cutters insisted on an eight-hour day at a rate of \$3.00 and finally compromised at \$2.50. Two years later came the eight-hour day at \$3.

The speaker said that the average marble worker in Rutland works ten hours for \$2.25 for the reason that the marble workers are not educated up to the point where they realize the necessity of labor unions. Trades unionism, the speaker defined, as collective action for collective bargaining for collective benefit. Were it not for collective action we should still be savages. Mr. Halvosa commended the last legislature for passing what he termed the most perfect child labor law to be found in the statute books of any state in the union. He closed with an appeal for the strengthening of the labor union. His address was at all times conservative, and at its conclusion he was warmly applauded by those in attendance.

Wedding at Morrisville.

Morrisville, Sept. 21.—One of the most dainty weddings ever witnessed in this village took place at the Congregational church last evening when Miss Mary Malvina Fisk, eldest daughter of Mr. and Mrs. H. C. Fisk, of this village was united in marriage with Donald Harris Scribner of Hyde Park. The church was well filled by the many friends of the contracting parties. The Rev. C. C. St. Clare, pastor of the First Congregational church performed the ceremony, using the ring service.

EYE AND EAR TESTS BEGUN.

Children of Public Schools in This City Are All Being Examined.

The examination of the eyes and ears of pupils in the public schools of the city, in accordance with No. 45 of the Acts of 1904 of the Vermont legislature, has been begun in this city.

The testing of the eyes as to vision is accomplished with a vision chart supplied by the state board of health and the state superintendent of education. The vision chart is similar to those in use by opticians. The points to be ascertained by the teacher are as follows:

Does the pupil habitually suffer from inflamed lids or eyes?

Does the pupil fail to read a majority of the letters in the line marked XX? (This line is the one on the vision chart which should be seen and read by the pupil at a distance of 30 feet with each eye, if the pupil has normal vision.)

Does the pupil, after study, exhibit habitual weariness or pain of eyes or head?

Does the pupil appear to be "cross-eyed"?

THE FAIR AT NORTHFIELD

Good Attendance Yesterday
and Today.

of Exhibitions and Attractions
— This the Last
Day.

Northfield, Sept. 21.—The second day of the Dog River Valley fair yesterday started in to be a record breaker in attendance, there being over 5,000 people but the heavy rain which began about 11:30 prevented the usual large attendance in the afternoon. The cavalcade of cattle took place early in the forenoon, parading around the track, headed by the Northfield Cornet Band, which was in attendance during the day. The awards were not made by the committee yesterday. The track at 2 o'clock, at which time the races were to come off, was covered with water but at five o'clock it was decided to start two races, the 2:50 and 2:27 class which were not completed, four heats being trotted. They will be finished today as will all other races.

The exhibit in Floral Hall is one of the finest and largest in the history of the fair, many pretty booths from the business houses in Barre, Montpelier, Waterbury and this village being exhibited.

The exhibits in the vegetable, fine arts, culinary and grain departments were many and very praiseworthy. The chief attraction during yesterday was the drilling of the 20th cavalry from Fort Ethan Allen, Burlington, who gave two fine exhibitions during the day. Major's Southern Sevenaders, a colored troupe of ten members, though forest to give their performance in the grand stand because of rain, proved a great attraction and received great applause.

WET GOVERNOR'S DAY.

Executives of Vermont and North Carolina at Caledonia County Fair.

St. Johnsbury, Sept. 21.—Rain that began before noon and continued through the day, prevented any racing at the Caledonia fair yesterday. About 5,000 people braved the storm to greet Governor Bell and Governor Glenn of North Carolina and were amply rewarded. Governor Bell spoke briefly upon "Vermont," and Governor Glenn followed with an eloquent address upon "The Spirit of the New South." L. H. Bailey of Houston, Texas, brought greetings from the Lone Star state.

Last evening a reception and banquet was tendered the distinguished visitors by the citizens of St. Johnsbury. Arthur F. Stone was toastmaster and toasts were responded to by Governor Bell, Governor Glenn, Judge Wendell P. Stafford, Lieut. Gov. Stearns, L. H. Bailey and the Rev. J. M. The reading of "Julius Caesar" at the Universalist church last evening by Prof. Blanchard of Chicago university was a treat which everybody in Barre ought to have heard. Mr. Blanchard, who is a former Barre man, is one of the best elocutionists in the country and the good sized audience which heard him last evening were most enthusiastic over his work. He displayed wonderful versatility in presenting the different characters in the play. The people of this city will always be glad to hear Mr. Blanchard whenever he comes here.
